

Cologne Rangers™

Masculine Natural Colognes

for the American man

From the All-American perfumery, Annie Oakley, comes The Cologne Rangers™ Fragrance Collection for Men. Wild West™, Caballero™, Bleu Ridge®, Stampede® and Sagebrush® deliver the true American spirit of masculine fragrances in classic, stirrup-shaped bottles.

Caballero™ - The spirit of the authentic cowboy lives on with Caballero. Its crisp, citrus scents of Italian bergamot & lemon, along with spicy cardamom, warm vanilla amber and woody notes come together to ignite attraction and awaken your senses to a cool desert night.

Bleu Ridge® - Peace and harmony with the earth. Breathe in the crisp mountain air with scents of ozone, mandarin and bergamot enhanced by spicy black pepper, cardamom and woody sandalwood.

Stampede® - An All-American favorite. A classic blend of robust Mediterranean spices along with sage, lavender and traces of Moroccan rose, with just a touch of amber and vintage patchouli.

Sagebrush® - Masculine, balanced and warm. A balanced blend of zesty citrus, and lime, with the lingering, sensuous essence of sandalwood.

Wild West for Him® - The spirit of the American west. A crisp blend of bergamot & lemon. A modern blend of essential oils with lively bergamot and zesty lemon, balanced with musk and mossy vetiver, for that earthy, masculine scent.
