Smells Amazing & Not Sticky

"I absolutely LOVE the DON'T TOUCH ME® body spray! It truly does keep the pesky critters away. Our family was at an outside event by a river. The pesky critters usually love my little kiddos, but stayed away. It smells AMAZING and you are not left feeling sticky at all! I highly recommend this product!"

- Tara M., mother of two

Protected Even in the Amazon

DON'T TOUCH ME® was used by a group of travelers on an adventure tour with Jacque Cousteau's son, Jean-Michel Cousteau to avoid pesky critters in the Amazon. "This is good...It doesn't have the harmful ingredients that hurt the waters or animals."

- Jean-Michel Cousteau,
Oceanographic Explorer and
Educator of the Amazon
